

## **Asshole Bleaching and Whitening Announces Launch of New Website**

*Innovative skin bleaching and whitening expert Asshole Bleaching is pleased to announce the launch of its new website*

**Melbourne, Victoria, Australia - 14 September 2012** - Innovative skin bleaching and whitening expert [Asshole Bleaching](http://assholebleaching.org/) (<http://assholebleaching.org/>) is excited to announce the formal launch of its new website. This new site features a simple and graphic design to make sure the site's guests will have an easy and enjoyable experience.

Are you always in search of the latest trends? We know that the beauty department always has something new and exciting to offer. One trend that is increasingly becoming popular may not be an interesting idea to others, but to some, especially to television personalities, it is a skin secret that they need to invest in.

This trend is what we call anal bleaching and skin whitening. As the idea suggests, it is the process of lightening the skin on the anus region. Of course, some of you may raise eyebrows on this process, but did you know that is becoming popular among TV and movie celebrities?

However, there's always a catch to any dermatologic treatment. Those who want to undergo asshole bleaching, especially those who are non-celebrities, feel a bit uncomfortable doing it in a beauty service center. So instead of going to a skin center, they are looking for ways to do it in the comforts of their own home.

Thanks to the recently launched website of Asshole Bleaching, its potential readers and consumers will find the necessary information that they need to achieve the desired effect of anal bleaching. The website suggests some of the many quality and effective products, such as Kojic Acid Soap with Glutathione and Oatmeal and Niacinamide Cream, which you can use to whiten the skin on your anus region.

[AssholeBleaching.org](http://AssholeBleaching.org) offers a simple and clean interface to make sure that site guests have a more organized and convenient browsing experience - this means accessibility and hassle-free navigation.

Enjoy a faster, convenient and easier browsing with Asshole Bleaching's new site. To check the new website or contact Asshole Bleaching to know more about their products, kindly visit <http://assholebleaching.org/>

You are invited to check [AssholeBleaching.org](http://AssholeBleaching.org) today.
